I hope [First Name] had a nice birthday and lots of presents. Did he/she have a party with [his/her/their] friends?

I have a new job working in a school as a dinner lady; I really like it and it's nice to get out of the house and meet all the children.

I went to the cinema last week to see [film title]. It was very funny.

I haven't been on holiday this year, but we may go to Brighton for the weekend next month.

I will write again in [month] and look forward to hearing more of your news then.

All the best,
